

### **Economic Advancement Program update:**

CLSEPA's primary concern is for the health and safety of our clients, community, and our staff. We are postponing events and clinics until further notice as we continue to monitor the coronavirus (COVID-19) public health crisis.

Due to concerns regarding the transmission of the novel coronavirus, reentry, workers' rights, and consumer walk-in consultations are cancelled until further notice. Instead, we will be providing telephone consultations. To be signed up for a consultation by telephone, please contact our front desk at 650-326-6440. If you already have an appointment, please note that your attorney may try to reschedule your appointment or conduct it via telephone.

We have put together workers' rights and live scan information for our clients and community available on our program page.
